GREATE. EXTENSION CABLE 20M

GREATE. 2-WAY EXTENSION CABLE 20M OUTDOOR

The Schuko extension cable with 2 connections is a 20 meter long, high-quality extension cable with two Schuko sockets. The extension cable makes it possible to connect two electrical devices at the same time and therefore offers flexibility and convenience in the home and office. The robust design ensures a safe power supply.

PRODUCT HIGHLIGHTS

- Thanks to the robust outer sheath with rubber coating, the cable remains flexible even at low temperatures.
- The outdoor cable is protected to protection class IP44.
- Enables simultaneous connection of two Schuko plugs.
- The Schuko extension cable has an operating voltage of 250V/16A/max.3500W.
