

The label features the WAGO logo and 'TOPJOB S' branding. It includes two diagrams of a 4-pin connector with terminals 1, 2, 3, and 4, showing a maximum voltage of 500V and a safety symbol. Below these are four diagrams illustrating the correct and incorrect ways to handle the connector. The text '2001/2002/2004/2006/2010/2016' is crossed out. The WAGO logo and article number '0210.0.400/2000-002' are printed vertically on the right side. At the bottom left, it states 'RoHS Compliant' with a checkmark and 'BOMcheck.net'.

This is a duplicate of the label shown on the left, featuring the WAGO logo, 'TOPJOB S' branding, technical diagrams of a 4-pin connector, safety instructions, and the article number '0210.0.400/2000-002'.
