DrivePro. Keeping you safe.

DrivePro™ 130

DrivePro™ 110

High-sensitivity image sensor for enhanced night view

Dashcam | DrivePro™ 130 / DrivePro™ 110

Road safety is important. Transcend's DrivePro 130 and DrivePro 110 dashcams utilize a Sony image sensor to provide high-resolution images with extremely fine tonal gradation even in low light. Both DrivePro dashcams feature a built-in battery, a handy snapshot button, emergency recording, headlight reminder, and driver fatigue alert. The DrivePro 130 especially features Wi-Fi connectivity that works with the exclusive DrivePro App to provide real-time footage playback and download.

Built-in Wi-Fi connectivity for mobile live streaming (DrivePro 130 only)

Parking monitoring mode safeguards your vehicle 24/7

- Built-in battery ensures uninterrupted recording
- Convenient snapshot button captures photos while recording
- Emergency recording prevents overwriting the current recorded file
- Driver fatigue alert regularly reminds the driver to be fully rested
- Headlight reminder automatically activates when poor lightning conditions are detected
- Free download of the exclusive DrivePro App

Includes a 16GB High Endurance microSDHC memory card
