## REACH (SVHC) statement

Thank you for your request on 'substances of very high concern' within the meaning of the Regulation (EC) No. 1907/2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH).

Health and environmental protection are an important issue of edding's corporate policy. We therefore regularly ask our suppliers about "substances of very high concern" in the raw materials and products supplied.

We are pleased to inform you that we have not received any information from our suppliers on the presence "substances of very high concern" in a concentration above 0.1 % weight by weight (w/w) in our product edding® e-751 paint marker.

Please contact us if you have any further questions.

Kind regards,

edding International GmbH  
Regulatory Affairs

Andrea Heeger
