

REACH STATEMENT

REGLEMENT (CE) n°1907/2006 (REACH)

ITW Industrial Solutions, as a downstream user, ensures the conformity of the products used in its formulations. The SDS is an integral part of the system established by Regulation (EC) No. 1907/2006 (REACH).

The SDS is therefore the preferred vector of information. Consequently, ITW Industrial Solution does not draw up a specific certificate relating to the information legally integrated into the SDS.

SVHC – Substances of Very High Concern

[Candidate List of substances of very high concern for Authorisation - ECHA \(europa.eu\)](#)

The presence or absence of SVHC is specified in the SDS.

SVHC in articles:

Based on the information transmitted by suppliers, if such substances are present in the articles, ITW Spraytec France undertakes to transmit the information to its customers.
