Dear Madam or Sir,

thank you very much for your letter dated .

We are familiar with the REACH Regulation No. 1907/2006 of the European Parliament and Council and treat it with the pertinent priority.

You purchase exclusively non-chemical products from us. In addition, the products we supply do not release any chemicals under normal and reasonably foreseeable conditions of use. Thus, the duties of registration do not apply to us as a so-called downstream user.

For pre-registration and registration, we have maintained the required communication with our chemical suppliers in order to ensure the further supply of the chemicals and preparations necessary for us.

The Marquardt product(s) as listed:

Marquardt Part Number:

1005.0101-01

does from our standard of knowledge, currently not contain any substances above 0.1 mass-% per product which are listed on the ECHA candidate list.

Last updated: July 8th 2021

Data of the person to contact in our company on REACH issues:

Name:	Georg Wildt
Phone number:	+49 (7424) 99-2725
E –mail:	Georg.Wildt@marquardt.com

We hope that this information is helpful and remain

Yours faithfully
