

Certificate

We

Ideal-tek S.A.

Via Motta, 4

CH-6828 Balerna

Switzerland

DECLARE

that Ideal-tek does currently neither manufacture nor import any chemical substances into the EU on their own or in articles in quantities of 1 tonne or more per year. In addition, Ideal-tek supplied articles do not contain chemical substances intended to be released during the normal and reasonably foreseeable conditions of the product's use.

To the best of our knowledge, all products manufactured or distributed by Ideal-tek do not contain any substances from the current SVHC list (Jun. 25th 2025) in a content of less than 0,1% (w/w) and/or have been added intentionally

Thus, Ideal-tek does not currently have a direct REACH obligation to pre-register substances. In particular, this is to certify that all products manufactured or distributed by Ideal-tek comply with REACH Regulation (EC) No. 1907/2006 and following amendments, according to SVHC 250 (Jun. 25th 2025).

Some items or components may be subject to pending certification processes within the supply chain.
