REACH regulation No. 1907/2006 of the European parliament

Dear Sir or Madam,

according to the REACH regulation, we are the downstream users of substances and products and importer of products and therefore have no duty to register.

The new candidate list according to article 33 (2) of the regulation (EC) No. 1907/2006 („REACH“) has been published (see the Internet address of the European Chemical Agency (ECHA) <http://echa.europa.eu/>).

So far, our suppliers have not reported any parts that contain substances on the candidate list above 0.1% by mass in a product.

In case of a positive finding, we will inform you about the relevant product and take further measures.

Best regards

TFA Dostmann GmbH & Co. KG
