REACH Statement

Hereby it is stated our products are in accordance with the essential requirements of the Regulation (EC) No 1907/2006, Amendment (EU) 2023/2482 and Regulation (EU) 2023/2055 concerning REACH based on the substances in the Candidate List of Substances of Very High Concern (SVHC) for authorization published by the European Chemicals Agency (ECHA) on and before 04/02/26.

Based on our current knowledge:

- Our articles do not contain substances or substance concentrations obligated for registration or notification under REACH - or are exempted thereof.
- The substances and preparations are registered for their particular uses.
- Our articles do not contain more than 0.1% w/w of (candidate) SVHCs, or all mandatory information will be provided to fulfil the information communication obligations according to Article 33.
- The chance of exposure to substances is practically negligible
- Control measures proscribed in the substance suppliers' safety data sheets are followed by the manufacturers.
