

REACH Statement

Hereby it is stated our products are in accordance with the essential requirements of the Regulation (EC) No 1907/2006, Amendment (EU) 2023/2482 and Regulation (EU) 2023/2055 concerning REACH based on the 241 substances in the Candidate List of Substances of Very High Concern (SVHC) for authorization published by the European Chemicals Agency (ECHA) on and before 27/06/24.

It is ensured that the used substances and preparations are registered for their particular uses.

It is ensured that our products do not contain more than 0.1% w/w of (candidate) SVHCs, or all mandatory information will be provided to fulfil the information communication obligations according to Article 33.

It is ensured that exposure of the substances can be excluded.

It is ensured that all control measures proscribed in the substance suppliers' safety data sheets are followed.

It is ensured that the delivered articles do not contain substances or substance concentrations obligated for registration or notification under the REACH – or are exempted thereof.
