REACH Regulation (EC) No. 1907/2006

According to the regulation (EC) No. 1907/2006, on request by a consumer any supplier of an article containing SVHCs in a concentration above 0,1 % weight by weight (w/w) shall provide the consumer with sufficient information, available to the supplier, to allow safe use of the article including, as a minimum, the name of that substance.

Makita Corporation introduced following steps in order to meet the commitments of this regulation:

- Makita investigates containing status of SVHCs to our all suppliers.
- Suppliers investigate to upstream suppliers.

If you have any questions, do not hesitate to contact us.
