REACH Statement

The European Union's REACH Directive (EC 1907/2006) is designed to regulate the Registration, Evaluation, Authorization and Restriction of Chemical Substances. REACH legislation was finalized in December 2006 and has been in effect since June 2007.

In an effort to address the requirements of the REACH regulation and ensure a reliable ongoing supply of EDAC parts, EDAC (Dongguan) Limited has contacted suppliers to confirm all necessary registration of in-scope substances in formulations, preparations, materials or articles be completed by the REACH deadlines. In addition, suppliers have been requested to assess the potential presence of Substances of Very High Concern (SVHC) due to the extension of the 233 REACH SVHCs as updated by ECHA on Jan 17, 2023. The 233 SVHC substances listed here are not intentionally added or used in the manufacture of EDAC (Dongguan) Limited products.

As EDAC (Dongguan) Limited does not intentionally add SVHC and based on the "article" criteria in the REACH regulation, all articles manufactured by EDAC (Dongguan) limited are interpreted to be exempt from substance regulation and therefore compliant with the REACH regulation.

Please refer to the following for the most current candidate list of substances.
