

Data sheet Product MIC 03

Sockets>High-precision sockets and plugs for DIL-IC
Design DIL

Features

insulating body
material:

- non-conductive
- polyacetal

class of
inflammability:

UL 94 V-0 (at thickness $\geq 3\text{mm}$), UL 94 V-1

spacing of contact
rows:

7.62 mm

material:

polyacetole, non-conductive
