

# Data sheet Product MIC 06

Sockets>High-precision sockets and plugs for DIL-IC  
Design DIL

## Features

insulating body  
material:

- non-conductive
- polyacetal

class of  
inflammability:

UL 94 V-0 (at thickness  $\geq 3\text{mm}$ ), UL 94 V-1

spacing of contact  
rows:

15.24 mm

material:

polyacetole, non-conductive
