POWERFUL RUGGED HIGH TECH 5V TO 24V CHARGER POWERGORILLA

“A RUGGED, LIGHTWEIGHT, HIGH-TECH ADDITION TO ANY SHORT OR LONG RANGE TREK. MILITARY PROVEN WITHIN THE NORTHERN HEMISPHERE TO CHARGE AND COMPETENTLY RUN A LAPTOP FOR AN ADDITIONAL 6 HOURS – A MUST-HAVE, ECONOMIC POWER SOLUTION”

W02 KARL GILMORE

The powergorilla keeps laptops powered in some of the world's most remote corners. On location, on the road or back home, the powergorilla's high density lithium polymer battery is capable of charging everything from your laptop to your mobile phone and offers multi-voltage functionality of 5v, 8.4v, 9.5v, 12v, 16v, 19v or 24v.

The powergorilla laptop charger will give you an extra 2-6 hours of power, depending on your laptop's specification, and over 20 hours via USB on various other electronic devices. The powergorilla also allows simultaneous charging; so a device can be charged whilst the powergorilla is being recharged via the included international mains charger. Users can also charge their laptop and mobile phone at the same time.

One-touch button technology means the powergorilla is easy to use and its sleek, aluminium casing with shock resistant rubber protection strips makes it a stylish accessory for your laptop.
