**Integrate, expand and customise:****The ideal expansion for every application**

The consistent structure of accessories for the new Klippon® TB enclosure range means that you can easily adapt the enclosure to the specific requirements of each application.

Mounting hardware kits

For rating plate holders, document holders and rain covers - quick and easy installation using the custom-made mounting hardware kits.

The **Label mounting kit – SD** is required to install a plastic (Trafolyte) ID or rating plate. This kit means that you can mount the ID or rating plate directly on the enclosure cover. The label mounting kit has been specially developed for this purpose. Only by using this mounting kit can you ensure that there will be no leaks into the enclosure or damage to the label.

The **Universal mounting kit – TPSD** has been developed to give you a secure and quick installation of ratings plate holders, rain covers or document holders, for example. By using this mounting kit the risk of leaks can be reduced or completely eliminated.

General ordering data

Type	TPSD FIXING SET KTB
Order No.	1252190000
Version	Klippon® KTB-Enclosure systems, Accessories, Set of fixings
GTIN (EAN)	4050118043969
Qty.	1 pc(s).
