This valve plug has a transparent housing with an integral seal. The connection cross-section corresponds to 0.5 mm<sup>2</sup> and can therefore be connected directly to our SAI IDC distributor. The operating status of the valve plug is indicated by an LED. All the valve plugs have a protective circuit. The Weidmüller range of products comprises valve plugs type A, B and C to DIN and industry standards. In the plugged condition they achieve IP 67 class of protection.
