The MCP Basic plotter is a flexible and portable solution that allows you to print your labels on-site, quickly and easily.

The MCP Basic is suited for labelling small quantities, part labels and the processing of residual amounts.

Small, space-saving flat-bed plotter

- Mounting plate for 3 MultiCards, easy placement of MultiCard mats
- Mounting plates for SlimFix, sizes 4 to 6, and for labels are optionally available
- Operation with Weidmüller's M-Print® PRO software

The MCP Plus rounds off the Weidmüller identification systems and the Weidmüller MultiCard concept. Its automatic pen depot enables the plotter pens to be stored directly on the plotter, and the special sealing rings prevent the nibs from drying out. Only two mounting plates are necessary for labelling our complete range of MultiCard products.
