CLI O conductor markers are fitted to connected conductors, and are therefore suitable for updating existing systems. Without problems, three different sizes can be used for marking conductor cross-sections from 0.4 mm<sup>2</sup> to max. 4.0 mm<sup>2</sup>. The shape and design guarantee secure and permanent attachment of the individually combinable markers.

**Advantages:**

- Open markers for connected conductors
- Marker version with anti-rotation safeguard for secure combination marking
- Perfect for any supplementary labelling
- Extremely low space requirements
- Rapid clip-on attachment saves time
