

MultiMix 8 USB FX

8 CHANNEL MIXER WITH EFFECTS / USB AUDIO INTERFACE

THIS COMPACT MIXER WITH BUILT-IN EFFECTS DOUBLES AS A COMPUTER RECORDING INTERFACE SO YOU CAN MIX, RECORD, OR BOTH AT THE SAME TIME. The MultiMix 8 USB FX delivers clean audio to your PA or recording system plus hassle-free computer connection, microphone inputs with phantom power, guitar-direct inputs, line-level inputs for connecting everything else, plus a wide range of effects.

A number of key design improvements are included on the MultiMix 8 USB FX. Enlarged knob-to-knob spacing improves ergonomics and in-use efficiency. The newly designed mixer introduces a sleek new appearance for the MultiMix series and incorporates removable end caps, which can be helpful for squeezing the MultiMix 8 USB FX into smaller spaces in tightly packed setups. In addition to its improved signal-to-noise ratio specifications, the new mixer consumes 36% less power than its predecessor for reliability and energy efficiency.

Whether you are mixing a band or sub-mixing a group of inputs, such as a drumset, the MultiMix 8 USB FX is easy to use, rugged, and packed with features.
