## Restriction on Hazardous Substances (RoHS) Compliance

LantegiBatuak in its role as a supplier and manufacturer hereby certifies that all processes that are carried out for the manufacturing of all **Fanox' products** are in compliance with the EU council directive 2002/95/EC on "Restriction of the use of certain Hazardous Substances" (RoHS).

This implies RoHS assurance from point of purchase all the way through to production procedures and processes – such as unleaded welding.

Kindest nodis
