

<b>DATA SHEET</b>	Art. 52001860
<b>SKINDICHT® Mini</b>	valid from : 23.03.2012

SKINDICHT® Mini, a cable gland made of nickel- plated brass, which guarantees the safe mounting of cables with less diameter although its low installation height.

The use is predominantly in signal transmission, data transfer, measurement, control technology as well as in medical technology and communications engineering.

**Components:**

- Gland body: nickel- plated brass
- Pressure screw: nickel- plated brass
- Washer: galvanized steel
- Sealing ring: CR (ozone- and UV-resistant)
- O- ring: NBR (ozone- and UV-resistant)

**Technical features:**

- Connecting thread: M 6x1 and M 8x1 in acc. to DIN 13
- IP protection: IP 68, 5 bar in acc. to EN 60529
- Temperature range: - 30 °C up to + 80°C

For more information please see our current catalogue.  
Please do not hesitate to contact our laboratory if there are any questions regarding resistance against aggressive agents and special oil.
