BARREL – AND MACHINE PUMP

Set COMET-IN 12 V

artikelnummer: 1660.00.00

components:

- submersible pump COMET-IN 12 V; resistant against damage; 4 m cable, filter clip with microfilter inlay
- 4 m PVC-hose (with texture)
- transformer-rectifier with cable switch, 1,5 m cable
- tube clips
- fibre microfilter in packs of 5

technical datas:

- supply voltage: 12 V
- throughput: max. 10,2l/min
- pressure: max. 0,7 bar
- power: 10 - 25 W
- diam./ height: max. 42 mm/161 mm

spezial use for pumping:

- light mineralic oil, fuel oil and diesel oil;
- cooling emulsions and dielectrica;
- weak acids and bases (not for sulphuric acid).

NOT TO USE WITH PETROL !

The company reserves the right to change specifications for technical improvement without prior notice. A01.01
