

Description : PE-coated cloth, coated with a rubber based adhesive.
Non-reflective mat backing.

Application : identification, protection, marking, fixing, patch & repair

Technical Data

Material : stabilised PE-coated cotton cloth

Colour : blue, red, white, yellow, green, black, grey

Thickness (carrier) : 0.20 mm

Total thickness : 0.31 mm

Core Ø : 76 mm

Adhesive base : rubber

Peel adhesion : 3 N / 10mm

Shear adhesion : 2 h / 23°

Unwind resistance : 3 N / 10 mm

Tensile strength : 64 N / 10mm

Elongation : 10 %

Temperature resistance : -30°C up to +80°C (1h)

UV-resistance : limited

Weather resistance : good

Storage life : 24 month
