

DATA SHEET	52104505
SKINDICHT® KU-M	Valid from : 30.10.2003

The SKINDICHT® KU-M is a reducer made of Polyamide reinforced with glass fibre. The reducers enable the use of cable glands which outer thread is bigger than the already existing thread borings on machines, devices and housings.

Technical features:

Connecting thread:	M 16x1,5/12x1,5 to M 63x1,5/50x1,5 in acc. to EN DIN 60 423 Tab.1
Material:	Polyamide reinforced with glass fibre.
Temperature range:	- 20°C to +80°C
Standard colour:	RAL 7035, light grey

For more information please see our current catalogue.
Please do not hesitate to contact our laboratory if there are any questions regarding resistance against aggressive agents and special oil.
