

Single Travel Adapter EUROPE

Whether travelling on business or on a private trip, we are all familiar with the problem: it's not possible to use the electrical device you brought along in the country you are visiting because the plug doesn't fit the socket.

With the "Single Travel Adapter Europe" you can safely and easily plug in all your portable devices from over 150 countries in Europe (Schuko).

The input side of the adaptor accepts the following 2-pin and 3-pin standard plugs: USA, Australia, UK, Switzerland and Italy. The output side is fitted with the earth-protected plug used widely throughout Europe (Schuko). Due to its lightweight of only 39 gramm the "Single Travel Adapter Europe" can easily be stored in a space-saving way in your luggage. The modular "Single Travel Adapter Europe" can also be used as a top for the other SKROSS country-specific adaptors for Australia, USA, UK, Switzerland and Italy – thus ensuring that you always have the right connections when travelling...

The SKROSS adaptors give you the power to cross borders, cultures, countries and all languages of electricity.

It can be used with all your electronic devices, including: laptop, hair dryers, MP3 players, digital cameras, mobile phones, GPSs, PDAs, iron, etc.
