

### 3 Single foot switches PX and PA series

#### Selection diagram

—●— product option  
—▶— accessory sold separately

**Code structure**

**Attention!** The feasibility of a code number does not mean the effective availability of a product. Please contact our sales office.

**PX 10110-AM2**

Foot switches	
<b>PX</b>	with pedal actuator protection
<b>PA</b>	without pedal actuator protection

Protection colour	
<b>1</b>	yellow RAL 1023
<b>2</b>	red RAL 3020
<b>3</b>	orange RAL 1007 (on request)
<b>4</b>	grey RAL 7040

Contact blocks combination	
<b>01</b>	1NO+1NC, snap action (VF B501)
<b>02</b>	2x (1NO+1NC), snap action (VF B501+VF B501)
<b>03</b>	1NO+1NC, slow action (VF B601)
<b>04</b>	2x (1NO+1NC), slow action (VF B601+VF B601)
<b>05</b>	2x 2NO, slow action (VF B1001+VF B1001)
<b>06</b>	2x 2NC, slow action (VF B901+VF B901)
<b>07</b>	2NC, slow action (VF B901)
<b>08</b>	2NO, slow action (VF B1001)
<b>09</b>	1NO+1NC, slow action overlapped (VF B701)
<b>20</b>	2x (1NO+1NC), snap action shifted (VF B501+VF B501)

Contact block features see page 2/123

Threaded conduit entries	
	PG 13,5 (standard)
<b>M2</b>	M20x1,5

Accessories (only PX series)	
	without accessories
<b>A</b>	complete with polymer carrying rod (400 mm)
<b>B</b>	with M25 hole for VF KIT31
<b>C</b>	with M25 hole for VF KIT31 complete with stabilizing plate
<b>D</b>	complete with polymer carrying rod (660 mm)

Protection degree	
<b>0</b>	IP53
<b>1</b>	IP65

Devices	
<b>0</b>	without devices
<b>1</b>	with safety lever
<b>2</b>	with lock of the pedal actuator
<b>3</b>	without safety lever and with two-stage actuating force (only for contact block combination 20)
<b>4</b>	with safety lever and with two-stage actuating force (only for contact block combination 20)

### 3 Single foot switches PX and PA series

#### Main data

- Polymer housing, three conduit entries
- Protection degree IP53 or IP65
- Various contact blocks available
- Various auxiliary devices available
- Assembled through special joining kits

#### Utilization categories

Alternate current: AC15 (50÷60 Hz)

Ue (V)	250	400	500
Ie (A)	6	4	1

Direct current: DC13

Ue (V)	24	125	250
Ie (A)	6	1,1	0,4

#### Markings:

#### Technical data

##### Housing

Made of glass-reinforced polymer, self-extinguishing, shock-proof thermoplastic resin and with double insulation ☐

Actuating force: 16 N

One threaded conduit entry

Protection degree: IP53 or IP65

##### General data

Ambient temperature: from -25°C to +80°C

Max operating frequency: 3600 operations cycles<sup>1</sup>/hour

Mechanical endurance: 20 million operations cycles<sup>1</sup>

(1) One operation cycle means two movements, one to close and one to open contacts, as foreseen by IEC 947-5-1 standard.

##### Electrical data

Thermal current (I<sub>th</sub>): 10 A

Rated insulation voltage (U<sub>i</sub>): 500 VAC 600 VDC

Protection against short circuits: fuse 10 A 500 V type aM

Pollution degree: 3

##### Cross section of the conductors (flexible copper wire)

Contact block combinations:	min.	1 x 0,5 mm <sup>2</sup>	(1 x AWG 20)
	max.	2 x 2,5 mm <sup>2</sup>	(2 x AWG 14)

##### In conformity with standards:

IEC 947-5-1, IEC 337-1, EN 60947-5-1, CEI EN 60947-5-1, CEI 17-45, IEC 529, EN 60529, CEI 70-1, VDE 0660-200, CENELEC EN 50013.

##### In conformity with requirements requested by:

Low Voltage Directive 73/23/EEC and subsequent modifications and completions. Machinery Directive 98/37/EEC.

Electromagnetic Compatibility 89/336/EEC and subsequent modifications and completions.

##### Positive contact opening in conformity with standards:

IEC 947-5-1, EN 60947-5-1, CEI EN 60947-5-1, VDE 0660-206.

#### Installation for safety applications:

Use only switches marked with the symbol ⊕. The safety circuit must always be connected with the **NC contacts** (normally closed contacts: 11-12, 21-22 or 31-32) as stated in the **standard CEI EN 60947-5-1, encl. K, par. 2.**

⚠ For the correct installation of all articles, please see "Utilization requirements" chapter, from page 6/1 to page 6/4.

**Devices: safety lever** (e.g. article PX 10110)

The safety lever prevents the pedal actuator from lowering when the foot is not completely inserted, thus preventing casual or accidental actuation.

The foot must be completely inserted in order to lower the safety lever and push down the pedal actuator.

**Devices: lock of the pedal actuator** (e.g. article PX 10120)

Insertion of the foot in the foot switch

Pushing down the pedal actuator, the contact switches and the device locks the actuator

Releasing the pedal actuator, the lock device keeps it down

To unlock the pedal actuator, push the locking device

Withdrawing the foot from the foot switch, the pedal actuator and the contacts return to their initial positions

**Devices: actuating force in 2 stages** (e.g. article PX 12040)

PX foot switches with two overlapped snap action contact blocks (2x 1NO+1NC), two steps actuation force and safety lever.

With a light pressure (~19 N) on the pedal actuator, the first contact block switches while the second keeps its state. The pedal actuator stops at pressure point

Pushing down with higher force (~180 N) on the pedal actuator, the second contact block switches as well. In this position both contact blocks have been switched.

### 3 Single foot switches PX and PA series

#### Dimensional drawings

Contacts type:  
**R** = snap action  
**L** = slow action  
**LO** = slow action overlapped  
**RS** = snap action shifted

Items with code on the **green** background are available in stock

All measures in the drawings are in mm

**Combination examples**

**1** Foot switch with pedal actuator protection and polymer carrying rod (400mm)

How to order:

PX 10110 VF KIT21

This article can be bought also with single code PX 10110-A. In this case the cover is supplied already pierced for the carrying rod fixing.

**2** Foot switch with pedal actuator protection and polymer carrying rod (660mm)

How to order:

PX 10110 VF KIT22

This article can be bought also with single code PX 10110-D. In this case the cover is supplied already pierced for the carrying rod fixing.

**3** Foot switch with pedal actuator protection having a hole M25x1,5 and stabilizing plate

How to order:

PX 10110-B VF KIT60

This article can be bought also with single code PX 10110-C.

**4** Foot switch with pedal actuator protection and aluminium pipe, stabilizing plate and emergency push button 1NC

How to order:

PX 10110-B VF KIT60 VF KIT31 VF KIT32
