

## Wireless Remote Control 4-button KeyMatic

Product ref.: 130459

### PRODUCT FEATURES

- Wireless Remote Control with four buttons for controlling the wireless door lock actuator KeyMatic and for switching lights on or off
- Handy use of AAA batteries due to space-optimized design
- Easy changing of batteries without tools and haptic perception of buttons
- Glass fibre reinforced and halogen-free material offer optimal stability and environmental compatibility
- AES authentication and direct feedback during wireless communication via duo colour LED for additional security
- Convenient key ring supplied

### TECHNICAL DATA

Power supply:	1.5 V LR03/micro/AAA
Typ. open air range:	> 100 m
Radio frequency:	868.3 MHz
Battery life:	approx. 5 years (alkaline batteries)
Degree of protection:	IP20
Dimensions (W x H x D):	75 x 38 x 9 mm (not incl. key ring)
Weight:	26.2 g (not incl. battery)

### LOGISTIC DATA

Product ref.:	130459
EAN code:	4047976304592
Short description:	HM-RC-Key4-2
Packaging unit:	100
Size packaging:	75 x 75 x 50 mm
Weight (incl. packaging):	104.1 g
