1. Identification of the substance/preparation and of the company/undertaking

Identification of the substance or preparation

Cotton Flocks

Company/undertaking identification

Company name:	R&G Faserverbundwerkstoffe GmbH	
	Composite Technology	
Street:	Im Meißel 7 - 13	
Place:	D-71111 Waldenbuch	
Post-office box:	1145	
	D-71107 Waldenbuch	
Telephone:	+49-7157-530460	Telefax: +49-7157-530470
e-mail:	info@r-g.de	
Internet:	www.r-g.de	
Responsible Department:	Management	
Emergency telephone:	poison information centre	

2. Hazards identification

3. Composition/information on ingredients

Chemical characterization (Mixture)

4. First aid measures

General information

Exposure to high concentrations of dust may result in upper respiratory tract (nose and throat) irritation. An allergic reaction may occur in some persons due to inhalation of or contact with these products. PEL (OSHA Permissible Exposure Limit): For nuisance dust 15 mg/m³ for total dust and 5 mg/m³ for respirable dust.

After inhalation

Bring the patient out into the fresh air. In case of allergic disease, especially in the breathing area, seek medical advice immediately.

After contact with skin

Immediately wash off with copious amounts of water.

After contact with eyes

If the product comes into contact with the eyes, immediately rinse the open eyes with copious amounts of water for at least ten minutes. Afterwards consult an eye specialist.

5. Fire-fighting measures

Suitable extinguishing media

Water. Carbon dioxide (CO₂). Foam.

Special exposure hazards arising from substance or preparation itself, combustion products, resulting gases

Material will burn if involved in fire. Like most organic powders, under severe dusting conditions, this material may form explosive mixtures in air.

Special protective equipment for fire-fighters

In the event of a fire, wear full protective clothing and NIOSH approved self contained breathing apparatus

6. Accidental release measures

7. Handling and storage

Handling

Storage

8. Exposure controls/personal protection

Exposure limit values

Exposure controls

9. Physical and chemical properties

General information

Physical state:

Colour: white

Important health, safety and environmental information

Test method

Changes in the physical state

Density:

1,27 - 1,61 g/cm³

Water solubility:

insoluble in water

10. Stability and reactivity

11. Toxicological information

12. Ecological information

13. Disposal considerations

Advice on disposal

Maybe cleaned up with broom and shovel The product must be disposed of by an approved company in accordance with the local government regulations.

14. Transport information

Land transport (ADR/RID)

Other applicable information (land transport)

Not restricted

Marine transport

Other applicable information (marine transport)

Not restricted

Air transport

Other applicable information (air transport)

Not restricted

15. Regulatory information
