

VC-160

VGA to DVI Converter

The VC-160 connects VGA based video devices to DVI digital devices such as monitors, projectors, etc. Small yet powerful enough, the VC-160 is easy to install and offers high video resolutions (up to 1600 x 1200). In addition, the VC-160 offers convenient storage and selection of user-defined picture adjustment presets with the help of pushbuttons.
