Enables the use of cable glands with larger connection threads than the existing threaded holes

Assembling with a wrench

Supporting surface for spanner means scratches on the housing are avoided

Space requirement

### Application range

Machines

Devices

Housings

### Design

PG connection thread

### Remark

Photographs are not to scale and do not represent detailed images of the respective products.

### Technical Data

Article designation / sizeOuter / inner:

EKU 13,5/16

Pieces / PU:

100

Colour delivered:

Light grey (RAL 7035)

Material:

Polyamide, glass fibre-reinforced

Temperature range:

-40°C to +100°C
