

IRISPen™ Executive 7

You scan, it types & translates

The IRISPen™ Executive 7 is a full-featured text recognition pen scanner. It works just like a highlighter! Simply slide the digital pen over printed information from newspapers, magazines, books, letters, etc. and the text will instantly appear on your computer screen, right where your cursor is located!

It also features an integrated translation functionality for over 50 languages. Select the language you would like to translate your text into, slide the pen over your paper document and the translation will appear on your screen in a matter of seconds.

Key features

- Portable and USB-powered.
- Text and numbers recognition.
- Table separator mode functionality
- Cutting-edge barcode recognition
- Translate your scanned text into 55 languages
- Text-to-speech functionality (55+ languages)
- Multilingual solution (130+ languages recognized).
- Complete integration into almost any application (Word, ExcelR, OutlookR, etc.). The pen works like a keyboard emulator.
- IRISCompressor™Pro 30-day trial included. Right-click any image and convert into a standard, searchable PDF file up to 10 times smaller.
