of data transfer*

Solid State Drives | USB 3.0 Portable SSD

The ESD400 portable SSD is equipped with the next-generation SuperSpeed USB 3.0 interface that supports UASP and provides 10 times the bandwidth of USB 2.0. It makes file sharing easier and quicker than ever with blazing fast read and write speeds of up to 410MB/s and 380MB/s respectively. The super high capacity of 1TB allows you to save almost everything you need in it.
