

edding 4000 matt paint marker - brilliant even on rough materials

Writing, drawing and sketching on porous surfaces like terracotta, wood or canvas is no problem with this matt paint marker. Its semi-matt ink coats handicraft items perfectly, such as flower boxes, small pieces of furniture or decorative trays. Its glossy ink even works on very absorbent materials such as wallpaper, rough wall plaster or leather, and is resistant to both water and abrasion.

The edding 4000 also works very well on some smooth surfaces – such as glass and has a 1 - 2 mm thick round nib. Its ink is water-based, odourless, abrasion resistant and opaque on many surfaces. It is available in many colours.

 round nib 2-4 mm

Characteristics

- Matt paint marker for highly opaque, silk-matt writing and decorating on rough, dark or porous surfaces, ideal for materials like terracotta, cardboard and wood
- The round nib has a stroke width of 2-4 mm
- The acrylic ink is highly opaque, extremely lightfast, weatherproof, wear-resistant and has a neutral smell
- Available in 12 different colours

Features

- Shape of nib: round
- Stroke width: 2-4 mm
- Permanent
- Neutral smell
- Waterproof
- Wear resistant
- Smudge-proof
- Lightfast
- Extremely lightfast
- Cap can be repositioned

Benefits

- Robust broad bullet nib
- Wide range of brilliant colours
- Valve-system allows even inkflow for great coverage
- Foil seal ensures the product is unused when purchased
- Easy and clean to use for uncomplicated, spontaneous creativity
- Long-lasting indoors and outdoors
- High-quality brand product

Usage

- Shake the marker with the cap on
- Remove the cap
- Pump the marker with the nib downwards on e.g. a piece of scrap paper
- Carefully pump it up and down until ink fills the nib
- The marker is now ready to use
- Store horizontally
