

LIGHTNING STRIKES, POWER SURGES, STAY PROTECTED.

Lightning strikes can harm your plugged-in devices, but power spikes and drops also damage your equipment over time.

COMES FROM
POWER SURGES

What is a Surge?

A surge is a short-term increase in voltage that occurs when large appliances turn on or off or when power companies switch distribution across power grids.

What is a Surge Protector?

A Surge Protector is a device that protects sensitive electronic equipment from harmful voltage spikes. It absorbs excess energy much like a sponge absorbs water.

Why is surge protection important?

The average household gets 350 power surges per year. Overvoltages, brownouts, surges and spikes occur on average five times a day. Small, frequent, daily power surges cause cumulative damage to connected electronics. This cumulative damage will shorten devices' lifespans.

Power surges are the number one cause of data loss.

Over 50% of equipment failure can be attributed to power surges (and drops).

The right surge protection will save your electronics and extend the life of your devices.

Choosing a surge protector will safeguard all your expensive electronics; most are backed by our Connected Equipment Warranties. Computers are very expensive items and the data they hold is often irreplaceable, so it's only good economic sense to invest in a quality surge protector.

SURGEPLUS™
BLOCKS AND ABSORBS
EXCESS ENERGY

EXTEND THE LIFE OF
YOUR ELECTRONICS

All Belkin surge protectors come with Power Filtration for Reduced Interference, Sliding Safety Covers and a Connected Equipment Warranty (See belkin.com).

PRODUCT NAME	PROTECTION RATING (JOULES)	USB CHARGING COMPATIBILITY*	USB WATTS/AMPS	USB CHARGING PORTS
 BSV102 1-OUTLET WALL-MOUNT SURGE PROTECTOR	306	—	—	—
 BSV103 1-OUTLET WALL-MOUNT SURGE PROTECTOR WITH DUAL USB PORTS	306	iPhone, iPod, iPad, and other Smartphones and Tablets	12 Watt/2.4 Amp combined	2 Universal
 BSV400 4-OUTLETS 2M SURGE PROTECTION STRIP	525	—	—	—
 BSV401 4-OUTLET SURGE PROTECTION STRIP WITH DUAL USB PORTS	525	iPhone, iPod, iPad, and other Smartphones and Tablets	12 Watt/2.4 Amp combined	2 Universal
