SCOUT 1100

Monitor what matters most

SCOUT1100 is a Digital Video Monitor with 3.5" Color Screen and Outdoor Camera

This video monitor system allows you to monitor your dog in the garden, horses or cattle in the stable or even check in on your pond or bird cage. The camera includes motorized pan, tilt and digital zoom function and infrared night vision. Its digital 2.4GHz FHSS technology enables you to view via a secure channel to the home viewing device which showcases a 3.5" full colour LCD screen. The outdoor camera has motorized pan, tilt and digital zoom function and infrared night vision for keeping an eye on things in very low light levels. With Motorola's SCOUT1100, you're able to watch your beloved pet in action.
