Wireless Indoor Sensor

Live smarter by knowing more about the place you care about most. Eve Room senses indoor air quality, temperature, and humidity. Learn how to feel better in your home, powered by a sophisticated sensor analyzing volatile organic compounds (VOC).

Taking advantage of Apple's revolutionary HomeKit technology, Eve offers unparalleled ease of use, advanced security, and tight integration with Siri.

Eve Room is powered by long-lasting, replaceable batteries, so you don't even have to deal with power cords.

About Eve

With Eve, see your home at a glance, right on your iPhone and iPad. The Eve family of HomeKit accessories gathers data on air quality, temperature, humidity, air pressure, energy consumption and more.

Gain insights that help you improve your comfort, and make your home a smarter place. Use the free Eve app to view all data collected by Eve and control all accessories featuring HomeKit technology.

Supported Devices

Eve requires an iPhone, iPad, or iPod touch with iOS 8.3 or later. HomeKit requires an iPhone, iPad, or iPod touch with iOS 8.1 or later. Controlling HomeKit-enabled accessories away from home requires an Apple TV (3rd generation or later) with Apple TV software 7.0 or later and an iPhone, iPad, or iPod touch with iOS 8.1 or later.
