

OD-Serie

It does not matter if you want to bring sweet sound to your bar, bistro or fashion shop, with the Omnitronic OD series you will get everything you need. The classy wall speakers come with swivel wall mount to allow you hassle free mounting. With their first class sound the speakers are also a compact alternative in the home audio field. You can choose between a low-ohm version (8

ohms) and a 100 V version. Even active versions, to cover all installation options, are available with the OD-5A and the OD-6A. The version with 8 ohms and 100 V of the OD-4, OD-5 and OD-6 are weatherproofed (IP-65). Therefore they are the best solution for your beer garden or your outdoor lounge.
