

1 Safety Instructions

1.1 General

- Read the user manual completely and carefully before use. *The user manual is part of the product and contains important information for correct use.*
- Keep this user manual.
- *The user manual must be available for uncertainties and passing the product.*

Notes for network separation

The product has no power switch and may be used only in easily accessible outlets to quickly remove it in an emergency and after use.

- Voltage-free only when the plug is pulled.
- In case of emergency, during thunderstorms and after use, pull the product on its plug housing!
- Do not open the housing.
- Do not let the product unattended in use.
- Only let a trained electrical engineer do installation, disassembling, maintenance and repairing work.
- Compare the specifications of product, power supply and peripherals. These must be identical.
- Not meant for children.
- Do not repair defective products by yourself, but contact the dealer or producer.
- Do not modify or alter product nor accessories.
- Avoid stresses such as heat and cold, moisture and direct sunlight, vibration and mechanical pressure.
- Only use in dry ambience.
- Risk of injury by stumbling and falling

1.2 Warning levels

Warnings against hazards that may result in **injuries** in case of non-observance.

Warnings against hazards that may result in **material damage** in case of non-observance.

2 Description and Function

2.1 Travel chargers

This product is a USB charger for charging and operating with mobile devices by model-specific plug to USB. It transforms mains voltage into individual low voltage.

Fig.3: Travel chargers

2.2 Scope of delivery

USB charger, user manual

3 Intended Use

We do not permit using the device in other ways like described in chapter Description and Function. Use the product only in dry interior rooms. Not attending to these regulations and safety instructions might cause fatal accidents, injuries, and damages to persons and property.

4 Preparing

- Compare voltage, mains voltage and frequency of product and mains.
- Do not overload the product and attend to its name plate.

5 Connecting and Operating

Risk of injury by stumbling and falling

- Ensure safe cable laying.

1. Connect a mobile device to the plug-in charger via USB cable.
2. Plug the travel charger into a mains socket.
3. Unplug all connections after use.

USB cables are not included.

The product contains no operating elements to handle during use.

6 Specifications

Connectors	EURO plug, USB-A socket	
Input	100-240 V~, 50/60 Hz, 0.4 A max.	
Output	Device identification = QC3.0: 3,2-20 V $\overline{=}$ (dynamic - max. 5 A) Device identification = QC2.0: 5 V $\overline{=}$, 2 A / 9 V $\overline{=}$, 1.66 A / 12 V $\overline{=}$, 1 A Device identification = QC1.0: 5 V $\overline{=}$, 2 A	
Output power	is automatically set to your devices needs by ID Chip (max. 15 W)	
Protection level	IP20	
Protection class	2	
Dimensions	80 x 40 x 25 mm	
Weight	40 g	
Color	71556	71555

7 Maintenance and Cleaning

The products are maintenance-free.

Material damage

- Clean only with a dry, soft cloth.
- Do not use cleaning agents and chemicals.
- Store cool and dry.
- Store the product out the reach of children and in a dry and dust-protected ambience when not in use.
- Keep and use the original packaging for transport.

8

Liability notice

We reserve the right to printing errors and changes to product, packaging or product documentation.

- See our terms of warranty. These are available in their current form under the given contact details.

9

Disposal Notes

According to the European WEEE directive, electrical and electronic equipment must not be disposed with consumers waste. Its components must be recycled or disposed apart from each other. Otherwise contaminative and hazardous substances can pollute our environment.

As a consumer, you are committed by law to dispose electrical and electronic devices to the producer, the dealer, or public collecting points at the end of the devices lifetime for free. Particulars are regulated in national right. The symbol on the product, in the user's manual, or at the packaging alludes to these terms. With this kind of waste separation, application, and waste disposal of used devices you achieve an important share to environmental protection.

WEEE No: 82898622

EU Declaration of Conformity

With the CE sign, Goobay®, a registered trademark of the Wentronic GmbH ensures, that the product is conformed to the basic European standards and directives.
