

PIPE DE-BLOCKER

Reference: 10236

1. General description

Water-based, concentrated blend of caustic soda, surfactants and complexing agents. Highly alkaline, penetrates thick grease and fat residues. May be used for preventive maintenance.

2. Features

- Highly alkaline, concentrated blend of sodium hydroxide, surfactants and complexing agents.
- Safe on most rubbers, plastics and coatings. Test on sensitive or stressed materials before use.

3. Applications

- Deblocks all types of drains. When poured into drains, it will penetrate into blockages and dissolve the fats and greases which hold them together.
- Suitable for use throughout the industry.

4. Directions

- In case of blocked drains, pour down undiluted product and leave for as long as possible before rinsing out (e.g. overnight), ideally with warm (not boiling) water.
- May also be used as a routine preventative maintenance.
- Apply directly, in concentrated form.
- Repeat if necessary.
- Do not mix with other products.
