

# Energy Generation Kit Solar Rise Nine 1.0

600299 • 4/2016

This kit is best suitable to serve 12 VDC loads such as lamps, radios or small pumps. If you connect a 230VAC inverter, you can also serve conventional AC loads - just as from the electricity grid.

Pcs	Components
1	Solar module 10 W   12 VDC
1	Charge controller 6 A   12/24 VDC
1	Battery 7 Ah   12 VDC
1	Module cable and battery cable
1	Module support structure Mono Axial
