CERTIFICATE OF COMPLIANCE

Certificate Number 20171013-E490824
Report Reference E489615-20170125
Issue Date 2017-OCTOBER-13

Issued to: Yangzhou Baohu Electronic technology Co LTD
NO.220, Jianwan Road, Baoying
County Yangzhou
Jiangsu 225800 CHINA

This is to certify that representative samples of COMPONENT - TEMPERATURE-SENSING CONTROLS
USR, CNR Component – Operating Control, Thermostat,
Series TB02, BK02, JP02, 02, BH02.

Have been investigated by UL in accordance with the
Standard(s) indicated on this Certificate.

Standard(s) for Safety: Refer to Addendum page for Standard(s) for Safety
Additional Information: See the UL Online Certifications Directory at
www.ul.com/database for additional information

Only those products bearing the UL Certification Mark should be considered as being covered by
UL's Certification and Follow-Up Service.

The UL Recognized Component Mark generally consists of the manufacturer's identification and catalog
number, model number or other product designation as specified under "Marking" for the particular
Recognition as published in the appropriate UL Directory. As a supplementary means of identifying products
that have been produced under UL's Component Recognition Program, UL's Recognized Component Mark:
 may be used in conjunction with the required Recognized Marks. The Recognized Component Mark is
required when specified in the UL Directory preceding the recognitions or under "Markings" for the individual
recognitions.

Recognized components are incomplete in certain constructional features or restricted in performance
capabilities and are intended for use as components of complete equipment submitted for investigation
rather than for direct separate installation in the field. The final acceptance of the component is dependent
upon its installation and use in complete equipment submitted to UL LLC.

Look for the UL Certification Mark on the product.

Bruce Mahrenholz, Director North American Certification Program
UL LLC
