

Heart rate sensor

KY-039

Technical Specifications

Model	Heart rate sensor
Article No.	SEN-KY039
Function	If a finger is held between the infrared light diode and the photo transistor, the pulse can be detected at the signal output.
Operating voltage	5V
Dimensions	16 x 78 x 3mm
Scope of delivery	Heart rate sensor
EAN	4250236816821
