

Button Rocker for brand switch systems – with arrows

Product ref.: 153001A0

Technical specifications

Ambient temperature	5 to 35 °C
Dimensions (W x H x D)	86 x 86 x 16 mm
Weight	45 g

Product features

- Enables the operation of Homematic and Homematic IP Actuators for brand switches directly on the device
- Due to the arrows on the button rocker, it is especially suitable for controlling of shutters, awnings or blinds
- Compatible with many Homematic and Homematic IP Actuators for brand switches, for example:
 - Homematic IP Shutter Actuator for brand switches (HmIP-BROLL)
 - Homematic IP Blind Actuator for brand switches (HmIP-BBL)
 - Homematic Wireless Shutter Actuator 1-channel for brand switch systems, flush-mount (HM-LC-BL1PBU-FM)
 - Homematic Wireless Dimming Actuator 1-channel for brand switch systems, trailing edge, flush-mount (HM-LC-Dim1TPBU-FM)
- Thanks to the adapter that is already inserted into the button rocker, installation is very easy by clicking into place at the wireless actuator
- As an alternative to the supplied frame, it can be integrated also into many 55 mm frames of leading brand manufacturers: Berker, Busch-Jaeger, ELSO, Gira, merten, JUNG, Kopp
