

**Cat.6 Ribbon Patch Cable, Unshielded, Grey, 1m**  
Part No.: 47491

## Description

Assembled ribbon cable

Ribbon patch cables are extremely flexible and thin cables for special purposes. Thanks to their extremely thin shape, these cables can be installed underneath carpets, laminate/parquet or between skirting boards and wall. Doors and windows remain fully functional even after a cable has been laid.

- RJ45 connector with kink protection and strain-relief
- Ribbon cable
- unshielded
- 10/100 Base-T support
- Wiring: 1:1
- Color: grey
