

Mini DP to HDMI 4K30/DVI/VGA Adapter

Part No.: 41035

Description

- Supports resolutions up to:
- HDMI 1.4 Output: 4K UHD 3840x2160p30
- VGA Output: WUXGA 1920x1200p60
- DVI-D Output: WUXGA 1920x1200p60
- HDCP & DPCP Compliant
- 2 year warranty

This Mini DisplayPort converter offers a cost-effective solution for connecting a DVI, HDMI or VGA equipped high definition or ultra high definition monitor, projector, or LCD to a MacBook Pro, MacBook Air or other Mini DisplayPort equipped device. You can now watch movies, view pictures and more on a larger, high definition display.

Note: Only one output channel may be used at a time
