

Passive Mini DisplayPort to HDMI 4K Adapter Cable, 2m

Part No.: 36927

Description

- Supports video-mirroring and extended desktop modes
- Connectors: Mini DisplayPort Male to HDMI Male
- Compliant with DP 1.2 specification and HDMI 1.4a
- Supports up to 3840 x 2160@30Hz 24 Bit Colour
- 2 year warranty

This cable allows you to connect your Mini DisplayPort equipped computer to a 4K HDMI display or projector.

Notes about audio support:

Audio output over HDMI is only supported when the graphics card of the notebook or desktop computer supports audio output over DisplayPort. Several on-board graphics adapters such as Mobile Intel 4 Series Express Chipset in Notebooks (i.e. Dell E6400) do NOT support audio output over DisplayPort, even when HDMI support (Intel High Definition Audio HDMI Service) is installed for audio controllers. In such instances a separate audio connection has to be set up.

Package Contents:

mDP to HDMI Adapter Cable

Technical details

- Supports resolutions up to 3840 x 2160
- Compatible with DP 1.2 and data rates of 1.62 and 2.7 Gbit/s
