

Desk Clamp Pole, 450mm

Part No.: 40692

Description

- For use in conjunction with the brackets and arms of our <u>Modular Desktop Mounting System</u> range (sold separately)
- Create a customized installation
- Sturdy, adjustable C-Clamp for mounting the 35mm diameter pole to a desk (30mm to 100mm thickness)
- Robust, lightweight metal construction with a durable, powder coated silver finish

Above picture shown for illustration purposes only. Brackets and arms are not included. See below for the full range & typical installation examples....

Technical details

This 450mm Pole fits securely to the side of a desk or table and is part of our unique, <u>Modular Desktop Mounting System</u>. With this system you can easily create customized solutions for mounting your laptops and displays in a variety of different configurations.

Installation Examples

The LINDY <u>Modular Desktop Mounting System</u> provides a really versatile method for creating your own custom installations. With these products you can raise your notebooks, monitors or iPad to create desk space or provide a more comfortable viewing position. Or, by using several arms, you can mount multiple displays on a single pole. The examples below show setups using our Desk Clamp Poles, however each install can also be achieved by using our <u>Desk Grommet Clamp Poles</u>.

X n
A single display mounted on an <u>Adjustable LCD Arm</u>
A single display modified on an <u>Adjustable LOD Arm</u>
Four LCD displays mounted on two <u>Dual Adjustable LCD Arms</u> using the
700mm Desk Clamp Pole

To display a LCD screen use this pole in conjunction with a <u>LCD Bracket</u> or a <u>Adjustable LCD Arm</u> depending on how flexible you want your display.

Two screens mounted vertically on a 700mm Desk Clamp Pole using two $\underline{\mathsf{LCD}}$ Brackets
