- Full support for HEC, ARC and CEC compliant devices
- HDMI 2.0 compliant, supporting Ultra HD up to 4K 2160p60
- Supports HDCP
- Support ARC (Audio Return Channel) functionality
- 2 year warranty
- Lengths available: 3m and 4.5m

The CROMO® Slim High Speed HDMI to Micro HDMI Cable with Ethernet is an affordable, high quality cable featuring gold plated contacts for better conductivity and resistance to corrosion and tarnishing.

This super thin and flexible HDMI cable has been specially designed for connection to devices in confined spaces or with restricted access to the HDMI ports. The slim form factor also reduces the weight of the cable by around 80% compared to the standard CROMO® cables. This makes the cables highly portable and ideal for use with smartphones, tablets, digital cameras, laptops, etc. A tight bend radius and a slim profile also gives these cables the advantage in places where space is limited.

- HDMI ATC (Authorised Test Centre) certified for High Speed Category 2 compliance.
- Ethernet support allows compatible devices to connect to the internet.
- Low profile, Slimline HDMI connectors for easy access to recessed ports.
- Supports 3D 1080p.

All Digital

No compression, no conversion, pure digital direct from the source as it was meant to be seen and heard.

One Cable

All of your HD video and audio in one cable.

Say goodbye to cable clutter.

One HDMI cable can replace up to 8 audio and 5 video cables.

## Technical details

Please note: These cables are directional from Micro HDMI to HDMI
