The LINDY IEC splitter cables are ideal for powering multiple devices from one IEC power source. Suitable for use with PC's, printers, monitors, audio equipment and amps.

Perfect for use in professional areas (recording studios, light systems and also for event locations of any kind, etc.) – but you can also use them in private sections.

Due to the high temperature resistance from -10 to 70°C during operation these cables can also be used in non air-conditioned areas.
